About Company

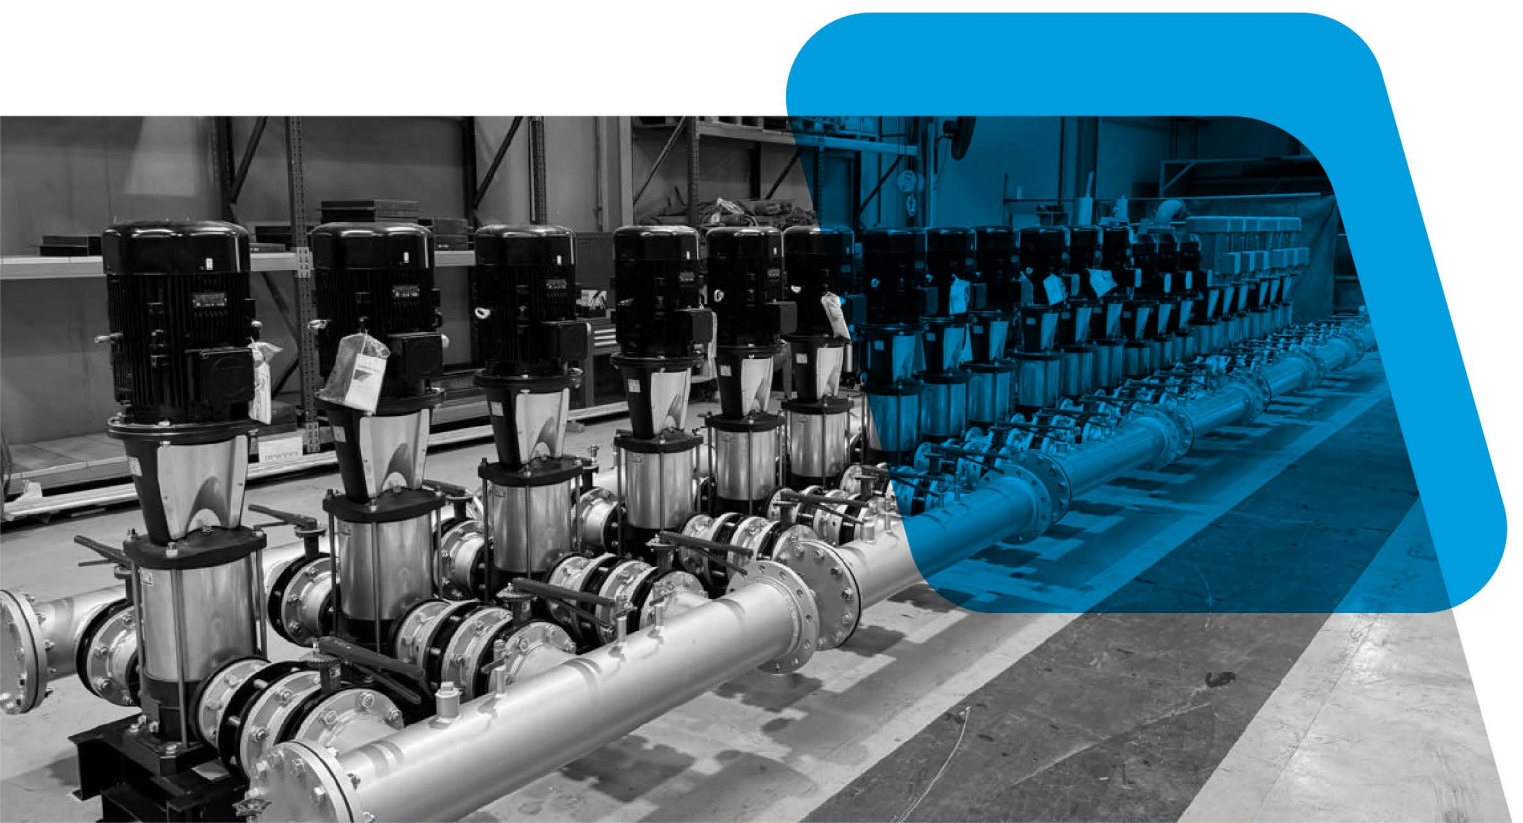

Pumping Technology Company was established as an extension of Rona Al-Taqaddom Trading Company in 2005.

With over 20 years of experience in the field of electrical and mechanical works, we serve the Saudi market and provide highly reliable products and services from suppliers who are trusted for quality and sustainability.

Since its founding, Pumping Technology has strived to provide integrated water solutions and electromechanical services to serve the Saudi market, including water pumps, water and sewage tanks, central electric heaters, solar water heaters, and heat pumps for heating water, filters, desalination plants, electrical panels, and air conditioning, as well as the design, supply, and installation of water fountains. At Pumping Technology, we always strive to supply the Saudi market with water pumps, submersible well pumps, desalination plants, and their accessories. We are also a leading company in the sale, supply, and maintenance of horizontal and vertical submersible water pumps of all types.

We also serve the agricultural, residential, industrial, and commercial sectors according to the latest international standards, in cooperation with the largest water solutions technology suppliers.

This stems from the Kingdom of Saudi Arabia's interest in the water sector, paying special attention to the importance of this sector on the one hand, and recognizing the water situation in the Kingdom and the challenges it faces on the other. We have a specialized team of engineers and production managers. Professionals who work passionately to deliver high-quality products using innovative and sustainable technologies in integrated water solutions systems. We provide the latest equipment, machinery, and manufacturing materials based on a clear understanding of our customers' needs. We have the capacity to supply, install, and maintain, with a network of branches and agents covering All regions of the Kingdom.

CEO Message

As the CEO Pumping Technology company, at our journey we have had to develop professional expertise and apply it effectively and consistently to achieve excellence and innovation for the benefit of our clients. We also had to build long-term partnerships founded on trust among all parties. Today, we affirm our leadership in providing safe and sustainable water solutions leveraging deep expertise and technology that contribute to strengthening water infrastructure and align with our Kingdom's vision 2030 through strategic partnerships with all sectors in the Kingdom

build long-term partnerships founded on trust among all parties Today, we affirm our leadership in providing safe and sustainable water solutions"

MISSION

*To provide the best integrated
Water solutions Products ,
Electrotechnical products and
Services.*

& VISSION

*Achieving leadership through
high quality products and
services in electrotechnical &
Water Soluion Products and
Services.*

01 WATER PUMPS

We offer Complete Range of Pumps Products from reputable suppliers and Manufacturer like:

(Grundfos, KSB, EBARA, XYLEM, IDEAL, WILLO, WATERFALL, Pedrello and others brands)

Products for applicaions within a broad range of market areas from Buildings and Industry to water supply, treatment and waste water soluions.

- 1- Pressure boosing and transfer.
- 2- Domesic water supply.
- 3- Hot water circulaion.
- 5- Ground water supply.
- 6- Sewage and waste water.

02 FIRE PUMPS

We offer Complete Range of fire Pumps
from reputable suppliers and Manufacturer like :

- Water Fall Pentair
- Aurora
- Armstrong
- Fairbanks and others

03 HVAC SOLUTIONS (COOLING AND AIRCONDITIONING SYSTEM)

We offer Complete Range of Cooling and
Airconditioning system from reputable
suppliers and Manufacturer like :

- HVAC solutions

04 COMPLETE RANGE HEATERS AND HEAT PUMPS

We offer Complete Range of Heating Solutions systems and Heat Pumps from reputable suppliers and Manufacturer like :

. Rheem

05 RO PLANTS

In Pumping Technology company we offers comprehensive reverse osmosis (RO) plant services, including supply, installation, and maintenance.

Covering all range of needs, from industrial and commercial to domestic applications.

Their services extend to all aspects of RO plant operation, ensuring a reliable and efficient water purification solution.

06 CONTROL PANEL BUILDER SUPPLY, INSTALL, TESTING AND COMMISSIONING

Pumping technology, we are specializing in the design and manufacturing of switchgear and control panels, offering tailored solutions for diverse industrial needs. With a commitment to precision engineering and cutting-edge technology, we ensure the reliability and efficiency of our products.

Whether it's optimizing power distribution or enhancing control systems, we deliver innovative solutions that empower industries to operate seamlessly and with confidence.

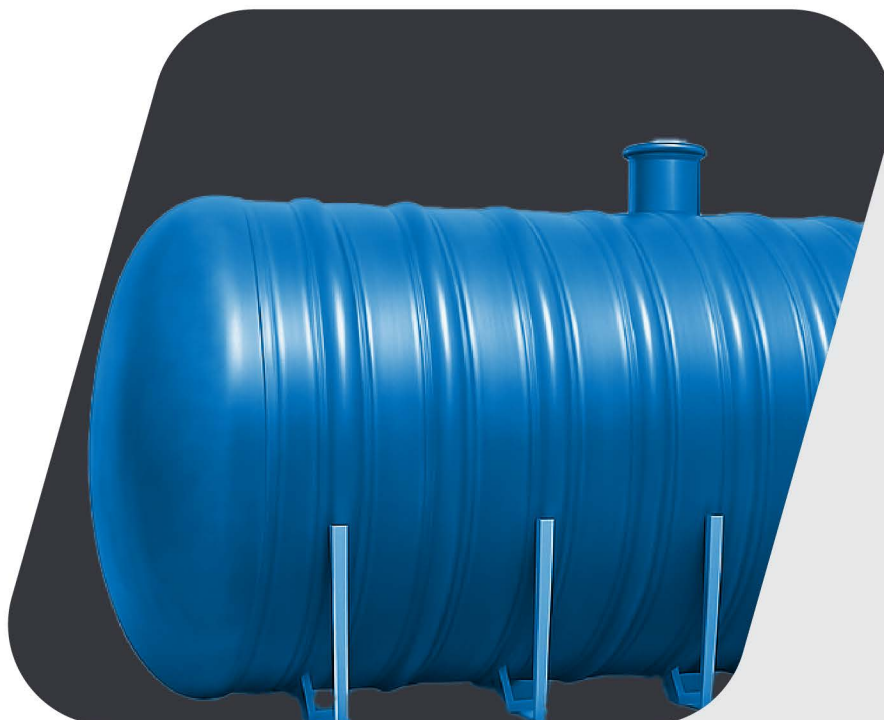

Explore the possibilities with our customizable and high-performance switchgear and control panels, designed to meet the evolving demands of modern businesses. As a leading provider in the industry, we specialize in the design and manufacturing of a comprehensive range of electrical solutions.

Our offerings include switchgear and control panels, LV panels, capacitor bank panels, ATS automatic transfer switch, as well as advanced SCADA and BMS systems. With a focus on precision engineering and innovative technology, we deliver customized solutions that optimize power distribution, enhance control systems, and ensure seamless operational efficiency. Explore the full spectrum of our products and services, designed to meet the diverse needs of industries seeking reliable and cutting-edge electrical solutions.

07 TANKS & MANHOLE COVERS

We offer a wide variety of storage tanks suitable for diverse applications, including water, sewage, diesel, and chemical storage, as well as manhole covers for various purposes. These tanks are available in different materials and sizes to meet specific needs.

08 CONCRETE REPAIR & INSULATION SOLUTIONS

We offer concrete repair solutions specifically tailored for the Saudi Arabian market.

These solutions address issues like spalling, cracking, and general wear and tear in concrete structures, aiming to restore and strengthen them.

Services range from minor repairs to structural strengthening, utilizing advanced techniques and high-quality materials.

09 FOUNTAIN

We supply, install and testing and commissioning a wide range from the fountain for all applications and Areas with comprehensive service for fountains, encompassing supply of materials, installation, and rigorous testing and commissioning.

This means we handle everything from procuring the necessary equipment to ensuring the operation.
